

Young professionals' employment in the EU/EEA

Your career takes you places #withEURES

Possible challenges for young Europeans to find work abroad

18–24 years-olds

- 22% of EU movers are early school leavers (vs. 8% of nationals);
- risk: limited employability and unstable jobs.

25–35 years-olds

- 39% tertiary education vs. 43% nationals;
- only 3% in adult learning (EU target 60% by 2030).

NEETs (18–29)

- 14% movers vs. 11% nationals;
- risk of long-term exclusion.

Legal, economic and social challenges

Unstable contracts:

8% unemployment among movers aged 20–34.

Housing pressure:

19% spend >40% of income on housing (vs. 8% of nationals).

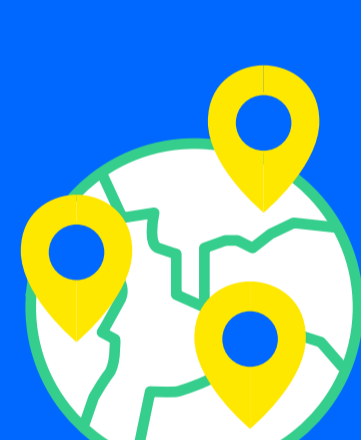

Lack of support networks

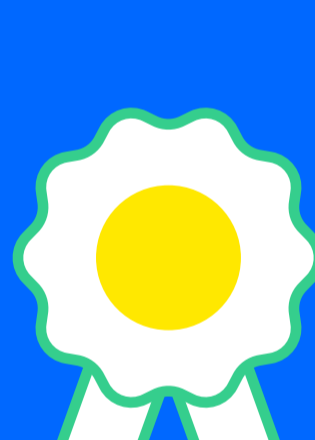

and access to training in host countries.

How EURES supports youth

Job/apprenticeships/internship, funding, online info and recruiting events.

3 million job vacancies across 31 EURES countries.

470 000 apprenticeships and **27 000** internships listed on the EURES portal.

5 000 placements through the *EURES Targeted Mobility Scheme (TMS)*

400 SMEs supported with cross-border recruitment.

70 European Job Days with **105 000** participants.

EURES Advisers provide guidance on relocation, training, living and working conditions, labour market and more.

Success stories & local action

Cross-Border Partnerships

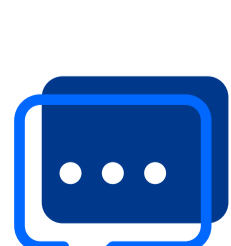

EURES Cross-Border Partnerships – tackle practical issues (taxes, housing, social security).

Example: 'From the stadium to the job' – a creative youth employment project in the Upper Rhine.

Take action

Find your first job, apprenticeship, or traineeship abroad.

Get support from over 1 000 EURES Advisers.
